### ABOUT:

Dr. Aysel Pashazade is a plastic, reconstructive, and aesthetic surgeon with a solid academic background, international certification, and a patient-centered surgical approach. She completed her medical education at Istanbul University Cerrahpaşa Faculty of Medicine and went on to receive her specialty training in Plastic, Reconstructive and Aesthetic Surgery at Bursa Uludağ University Faculty of Medicine, where she developed a strong foundation in both aesthetic and reconstructive procedures.

Dr. Pashazade holds the European Board of Plastic, Reconstructive and Aesthetic Surgery (EBOPRAS) certification, demonstrating her professional competence in accordance with European standards. Throughout her career, she has gained clinical experience in university hospitals and private healthcare institutions, allowing her to adopt a comprehensive and refined perspective on aesthetic surgery. Actively participating in international congresses, live surgery courses, and advanced training programs, she continuously updates her knowledge and surgical techniques. In her clinical practice, Dr. Pashazade prioritizes patient safety, natural-looking results, functional integrity, and aesthetic harmony, delivering high-standard, meticulous, and individualized care.
